Washington, DC 20515

The Honorable Kay Granger  
Ranking Member  
House Appropriations Committee  
1036 Longworth HOB  
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the 62nd Avenue and Vasquez Intersection in fiscal year 2023.

The entity to receive funding for this project is the City of Commerce City located at 7887 E 60<sup>th</sup> Avenue, Commerce City, CO 80022.

The project would improve safety and multimodal connectivity throughout the area of established residential neighborhoods, new development communities, retail businesses, and community facilities. The project includes a traffic signal at Vasquez/62nd, which is needed to provide traffic movements which will be restricted from the Vasquez/60th signal to and from the local street system. The new Vasquez/62nd intersection will provide new full, signalized access for the local community to the regional transportation system, as well as new pedestrian and bicyclist facilities with a multimodal path along Vasquez Boulevard along with sidewalk improvements in the surrounding area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ed Perlmutter  
Member of Congress
