The Honorable Kay Granger
Ranking Member
House Appropriations Committee

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Federal Parkway Multimodal Improvements in fiscal year 2023.

The entity to receive funding for this project is the City of Westminster located at 4800 W. 92nd Ave., Westminster, CO 80031.

The project would be a valuable use of taxpayer funds because it will improve safety for drivers, pedestrians, and bicyclists in an increasingly congested area. This project will complete the installation of multimodal improvements to create a consistent roadway section along Federal Parkway from West 120th Avenue to West 122nd Avenue, including asphalt pavement overlay, a concrete median, bike lanes, improved drainage, an enhanced connection to the Big Dry Creek Trail and energy efficient LED street lighting. The project would improve safety and connectivity between existing and growing communities to a north/south highway (SH 287) and an east/west highway (SH 128). Greater connectivity will increase the productivity and competitiveness of the local and regional community including a connection to a safe pedestrian crossing of a major arterial road for people to enjoy the regional Big Dry Creek Trail and open space, and new bicycle facilities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ed Perlmutter
Member of Congress
